Executive reports

3. President's report (Tony Baerwinkel)
Firstly, on behalf of the school community I’d like to extend a big thank you to Natalie Hutchinson for her tireless efforts over the past several years. Thank you also to Joanne Scholtens for her important work as treasurer.

The world is run by the people who turn up, and I’d encourage all members of our local community to turn up on the Monday of week 4 & 8 each term to provide their contribution to the activities of our P&C.

The key output of this group is fundraising to support the school, and our focus area for the immediate future is to fund the installation of air conditioning in classrooms across the school. Achieving this goal is likely to take several years.

The incoming P&C executive have worked through the banking details and control of the P&C accounts has been transferred to the new office bearers. We are currently seeking advice on how we can establish online banking for the P&C accounts to improve the flexibility of our financial operation.

Finally, I would like to recognise the contribution that Tracey Willis has already made to this group - of all of us, she has had the steepest learning curve as Treasurer, and I thank her for her effort to date.
