

Fascinating Stories about Earthworms from 1/2F

“The earthworm is an invertebrate which means it doesn’t have a backbone. The earthworm is slimy with a soft body. Earthworms do not have teeth. They are brown, pink and red. Earthworms live everywhere in the world where there is soil. Earthworms have rings of muscles around their body. Earthworms produce eggs. They are also male and female.”

- Emma Mattison (Year 1)

“The earthworm is an invertebrate which means it doesn’t have backbones. Earthworms do not have teeth and they have soft bodies. They are brown, pink and red. They are slimy. Earthworms live everywhere in the world where there is soil. They move because their body is covered in small bristles. Earthworms eat soil and plant matter. Earthworms have male and female parts that produce eggs.”

- Dinushi Pallimulla Kapugamag (Year 1)

“ The earthworm is a soft animal with a soft body and no backbones. Earthworms have soft, slimy bodies. They are brown, pink and red. Earthworms live in soil everywhere in the world. You can only find them underground. The earthworm has bristles of muscles that help them to move. Earthworms eat soil, plant and food scraps. They have male and female parts that produce eggs.”

- Jacob Orton (Year 1)

“The earthworm is an invertebrate which means it doesn’t have a backbone. They have soft, brown, pink and red slimy bodies. Their body is covered in small bristles and they do not have teeth. They live everywhere around the world in soil. Earthworms have rings of muscles around their bodies. The earthworm eats plants and soil. They’re male and female and they all lay eggs.”

- Jordan Demasi (Year 2)

More Stories from 1/2F

“Last Saturday my Mum and I made a mm chocolate cake. First we had to go shopping to get the ingredients. The ingredients that we had to get were mms, Kit Kat, cream and eggs. Then we went home to make the mm chocolate cake. First I got to crack one egg and pour it in. After that I got to mix the eggs with the beaters. Then we had to put some cream in the bowl. I got to mix it again. When it was time to stop the beaters we put it in the oven for 1 hour. While the cake was cooking me and my Mum sorted my old clothes that didn’t fit me so I am going to give my old clothes to Hayley, my cousin. When the cake was baked I had to wait until it was cool. When it was cool I got to mix the icing with the beaters. Now it is time to put on the mms and Kit Kat. When the cake was ready and it was night time I got to eat it. It was yum. I loved making the cake and it was fun doing it.”

- Kasey Porter (1/2F)

In the school holiday’s I’m going to Larissa’s house.

My mum is going to drop me off so I can get there and my brother is coming to drop me off too.

While I am there they are going to see my cousins.

I will have great fun.
